whatever your passion...

EMBARK ON A

BAREFOOT

ADVENTURE

Isn't it about time someone gave you the option of putting together the boat of your dreams in your own time, to your own budget, with as much professional support as you require, and with a range of custom design options to choose from?

We think so too, and that is what Barefoot is all about.

1. Cut your own track

Build yourself from detailed plans and cutting files

Purchase kits, materials, panels, components and equipment at highly competitive prices.

2. Let us help you cut the track

Choose from a range of options to suit your budget, and with support from one of Australia's leading multihull builders.

3. Put your feet up - we'll do all the legwork

Step on board and sail away from just \$639,150 for the Barefoot 40

Kick off your shoes and beat a path to the Barefoot website now:
